Drew Central High School	70/100							100%

Early College classes are taught by CIV from the Educational Co-op. The same instructor teaches all of these classes. The purpose of the end-of-semester assessment test is to determine whether students can demonstrate the expected student learning outcomes. A student scoring 60 out of 100 or better has met the expected student learning outcomes.

5. Provide evidence of the measures of student performance that your unit collects and analyzes regularly (Examples: retention rates/pass rate for classes, teacher made tests, research papers, recitals, field experiences, etc.). Give specific examples of how analyses of student performance have been used to improve unit decisions.

Number of Minors (no major exists for either Spanish or French):

Grade Distributions and Enrollments: In Spring 2008, 37.9% of Spanish students earned an A, 22.9% a B, 15.0% a C, 4.3% a D, 7.9% an F, 11.4% a W. Distributions for Spring

2007 show that 39% of Spanish students earned a grade of A, 19.2% a B, 14.7% a C, 9.0% a D, 5.1% an F, and 13.0% a W. In Spring of 2006, the percentages were as followed: 40.4% of Spanish students received a grade of A, 28.1% a B, 9.0% a C, 11.2% a D, 3.4% percent an F, and 6.7% a W. Spanish students continue to have a high success rate. In Spring of 2006, 89 students were enrolled in Spanish; in Spring 2007, 177 were enrolled; in Spring 2008, 140 were enrolled.

In Spring 2008, 49.2% of French students earned an A, 22% a B, 3.4% a C, 6.8% a D, 3.4% an F, and 15.3% a W. In Spring 2007, 32.3% of French students earned an A, 35.5% a B, 12.9 a C, 0% a D, 3.2% an F, 16.1% a W. In Spring 2006, the distributions were 20.0% A's, 50.0% B's, and 30% C's.

These grade distributions indicate a high level of success among French students. Probably more important than any patterns in grade distribution is the increase in the number of French students. In Spring 2006, only 10 students were enrolled in French classes. In Spring 2007, 31 were enrolled. In Spring 2008, enrolled reached 59.

Students taking Latin and Japanese classes in Spring 2008 also had a high level of success with 60.7% earning an A.

The total number of students taking foreign language courses in Spring 2008 reached 227 compared to 208 in 2007 and 99 in 2006.

6. Provide specific evidence of how your unit utilizes information, other than student performance, to determine necessary unit decisions. Describe how your unit analyzes and selects a course of action. Attach documentation that supports your determination. (Examples: senior surveys, alumni surveys, professional meetings, minutes from faculty or committee meetings, etc.)

Faculty Meetings: Foreign-language faculty meet each semester with each other and with the dean to determine strategies for expanding the foreign language offerings and possibly developing a major. In the context of these meetings, several decisions have been made, including the offering of Spanish courses designed for professionals working with the Spanish-speaking public, the selection of Fulbright Teaching Assistants, and the offering of Latin and Japanese courses.

Strategic Planning: Creating, implementing, and reviewing a Strategic Plan for the School of Arts and Humanities represent a culmination of discussion, observations, and analysis on the part of the faculty in regard to how SAH might better serve students. The foreign-language faculty have submitted several goals to the SAH strategic plan as part of UAM's strategic plan. See **Appendix A**.

Professional Meetings: Faculty and Fulbright FLTAs attend professional meetings that enhance their knowledge of pedagogy and practices regarding translating. Upon returning from these meetings, these faculty share their new insights with other faculty, the result of which is often change in teaching methods.

Public School Outreach: Faculty visit classes in area public schools to encourage study at the university and to interact as resource personnel linking and supporting the secondary

and post-secondary missions for foreign language study. These interactions provide guidance for determining the strengths and weaknesses of incoming language students and help shape teaching methodology in first-year language classes.

Mentoring of FLTAs: Isabel Bacon serves as Director of Foreign Language Teaching Assistants. She meets with TAs almost daily and works closely with them to assure that their classroom methods and grading standards are appropriate and effective.

7. Based on your answers to Questions 5 and 6 regarding student learning outcomes, prioritize your unit's future course of action. Include plans for what will be done, by whom, to what extent, and how often.

Continued participation in the Fulbright FLTA program: Ana Pazos del Olmo of Spain and Leticia Ordaz Sanchez of Mexico will each teach a total of four Spanish classes during the 2008-2009 academic year.

Expansion of French program: Dr. Lesly Jean Francois and Dr. Kay Walter will continue to expand the French program by offering a greater number of French classes 2008-2009.

Continuation of Latin and Japanese: After a successful trial run in 2007-2008, Dr. Francois and Yukiko Shepard, an adjunct instructor, will again offer courses in Latin and Japanese in 2008-2009.

8. Specifically describe how your unit is making student learning accessible, including, if applicable, alternative modes of instruction (CIV, WebCT, weekend, Early College High School, etc.). Address historical patterns and trends.

Early College High School: Elementary Spanish I and II are taught CIV from the co-op.

Night classes and Saturday classes: The past two years, intensive Conversational Spanish has been offered each semester at night or on Saturdays to accommodate the needs of a number of students, including professionals in the community who work with the Spanish-speaking public. The numbers in these classes have been very good and justify their continuation.

9. Specifically describe how your unit involves students directly in the assessment process.

Course Evaluations: Students fill out course evaluations near the end of each semester. These are reviewed by the dean before being turned over to the instructors for perusal. The potential for course revision in response to student comments exists.

10. Describe and provide evidence of the efforts your unit is making to retain students in your unit and/or at the university.

- ◆ Offering a greater number of sections and courses in Spanish.
- ◆ Offering a greater number of sections and courses in French.
- ◆ Adding Latin I and Latin II to the curriculum.
- ◆ Adding Japanese I and Japanese II to the curriculum.

- ♦ Offering summer classes in French and Latin.

APPENDIX A: STRATEGIC PLANNING

REVIEW OF THE STRATEGIC PLAN FOR THE SCHOOL OF ARTS AND HUMANITIES UNIVERSITY OF ARKANSAS AT MONTICELLO July 2007 – June 2008

Mission, Role, and Scope

The mission of the School of Arts and Humanities is to offer significant exposure to language, literature, communication, and artistic expression, providing students with the knowledge, appreciation, and experience necessary to develop personal and professional skills in these areas. The School's dual function is to provide courses for its own baccalaureate programs and for the general education program in the fields of writing, speaking, and art.

The School of Arts and Humanities offers Bachelor of Arts degree programs in Art, English, Journalism, and Speech Communication, as well as minors in Art, English, French, Journalism, Spanish, and Speech Communication. The School of Arts and Humanities program offerings are available to all campus disciplines through service courses.

Support goals from Enhancement of Resources focus:

Recruit, develop, and retain a quality faculty and staff.
Build partnerships through networking and collaboration.
Enhance the University's image, visibility, and influence.
Enhance the research environment for faculty and students.
Improve internal and external communication.
Improve employment opportunities.
Develop internal and external resources.
Recruit, retain, and graduate students.

Short-Range Objectives

1. To continue to generate funds for Speech scholarships from a custom-published Public Speaking text. **We continue to meet this objective with complete success.**
2. To generate funds for English scholarships and a visiting scholar/writer series from custom-published Composition and World Literature texts. **We are using the custom-published texts and await receipt of our portion of book-store profits.**
3. To employ two Spanish Fulbright International Teaching Assistants. **We met this objective with complete success.**

4. To increase the number of Graduate Assistants from one to two. **We succeeded in acquiring the second position and it will be filled in the coming academic year.**
5. To continue to host events that attract high-school students to campus, such as debate tournaments, foreign-language festivals, and art exhibitions. **We accomplished this objective with great success. Both the debate tournaments and the foreign-language festival were larger than in previous years.**
6. To continue to improve communication and collaboration with secondary schools in the region with the purpose of recruiting and of enhancing the preparation of high-school students for college. **We achieved this ongoing objective.**
7. To sponsor writing contests for area high-school students. **We are still in the planning stages of this activity.**
8. To expand the size of the debate team. **This objective was met with great success.**

Intermediate-Range Objectives

1. To employ three Fulbright International Teaching Assistants--two Spanish and one French. **We continue to pursue this goal.**
2. To have "SMART" classrooms in Sorrells Hall and Wells. **Those buildings are undergoing renovation, and we expect the classrooms to have Smart Room capabilities when work is completed in late 2008.**
3. To conduct a summer debate institute. **This goal has been achieved.**

Long-Range Objectives

1. To make all classrooms on the first floor of MCB "SMART" classrooms. **We are making progress toward this goal.**
2. To explore the feasibility of converting MCB 114 into a seminar room. **We will continue to explore this as a possibility.**
3. To identify donors for an endowed scholarship in creative writing. **No progress.**
4. To hire Computer Design faculty to teach 4-D, PhotoShop, DreamWeaver, Adobe Illustrator, and other software. **We have decided that this is an unrealistic goal for the foreseeable future.**
5. To hire one additional faculty in Journalism. **No progress.**
6. To add a kiln yard with kilns adjoining the Art Complex. **No progress.**
7. To employ an Art Gallery Director to manage student workers and student interns, to manage gallery exhibition schedules, and to write art grants. **We will probably delete this as a goal we want to pursue in the foreseeable future.**

Support goals from Enhancement of Academics focus:

Improve academic quality standards.

Share academic opportunities across units.

Increase opportunities for faculty/student research and creative activities
and increase experimental and service learning opportunities.

Improve internal and external communications.

Provide the latest technology to our students and faculty.

Accommodate the diverse needs of students.

Enhance UAM's image.

Short-Range Objectives

1. To continue to implement and execute academic-program and general-education assessment in all disciplines and revise curriculum in response to valid data. **We have made significant progress in the area of assessment and have revised curriculum appropriately.**
2. To continue to develop articulation agreements with off-campus sites for placement of Speech and Journalism interns. **We are achieving this ongoing objective.**
3. To offer classes in Japanese language and culture. **We achieved this objective. We offered Japanese I in the fall and Japanese II in the spring.**
4. To offer Latin classes. **We achieved this objective. We offered Latin I in the fall and Latin I and Latin II both in the spring.**
5. To increase the number of French classes offered. **We achieved this goal with great success. In fact, we doubled in one year the number of students taking French.**
6. To create a "reading" series for students and faculty who wish to give presentations of scholarly or creative work, especially in preparation for giving presentations at regional or national conferences. **Although we did not achieve this objective, we will continue to pursue it.**
7. To implement new courses (Introduction to Literature, Nonfiction Prose, and Senior Capstone) to support the three options for the English major. **We achieved this objective with complete success. In fact, enrollment in Introduction to Literature has exceeded our expectations, and we will need to add a second section in fall '08.**
8. To implement new courses (Introduction to Communication Studies and Senior Capstone) to enhance Speech Communication major. **This objective was accomplished.**
9. To enhance uniformity in general-education courses in English. **We have**

achieved this objective and will continue to work toward uniformity to the extent it is desirable.

10. To better remediate at-risk students by adding a developmental English class for students with an English ACT below 15. **No progress.
