

How to Bookmark Barracuda and make an Icon of Barracuda on your Desktop

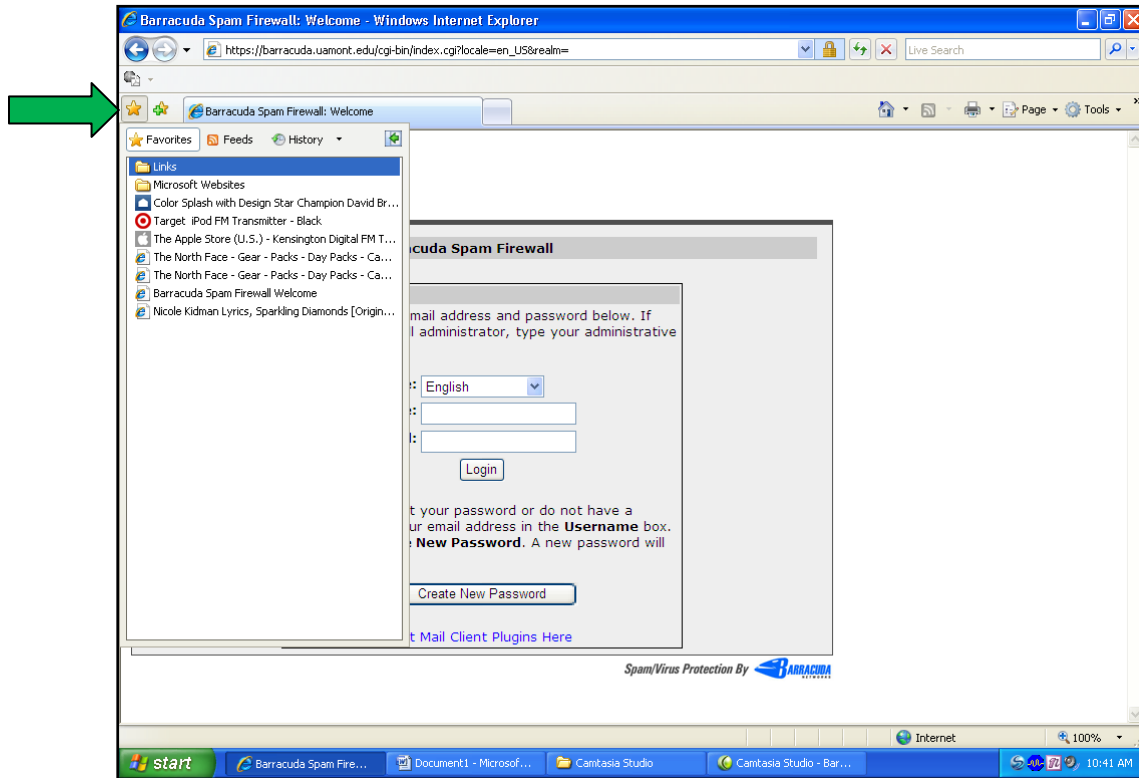

Bookmarking/Adding to Favorites: First, go to the Barracuda Log-In page.

To add Barracuda to your list of **Favorites**, click on the **Add to Favorites** button at the top left of your screen (it's a yellow star with a green plus sign). You can now name your page. Once you've done that, click the **Add** button. Your screens should look similar to the screens below.

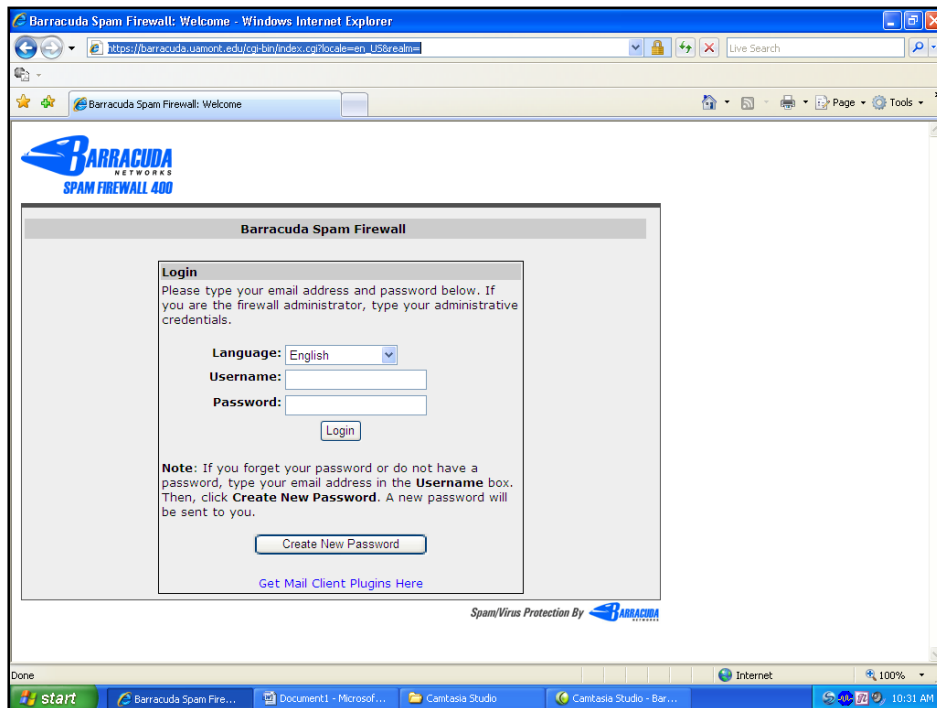

Once you've clicked **Add**, you can view your list of **Favorites** by clicking on the Favorites button, next to the **Add to Favorites** button.

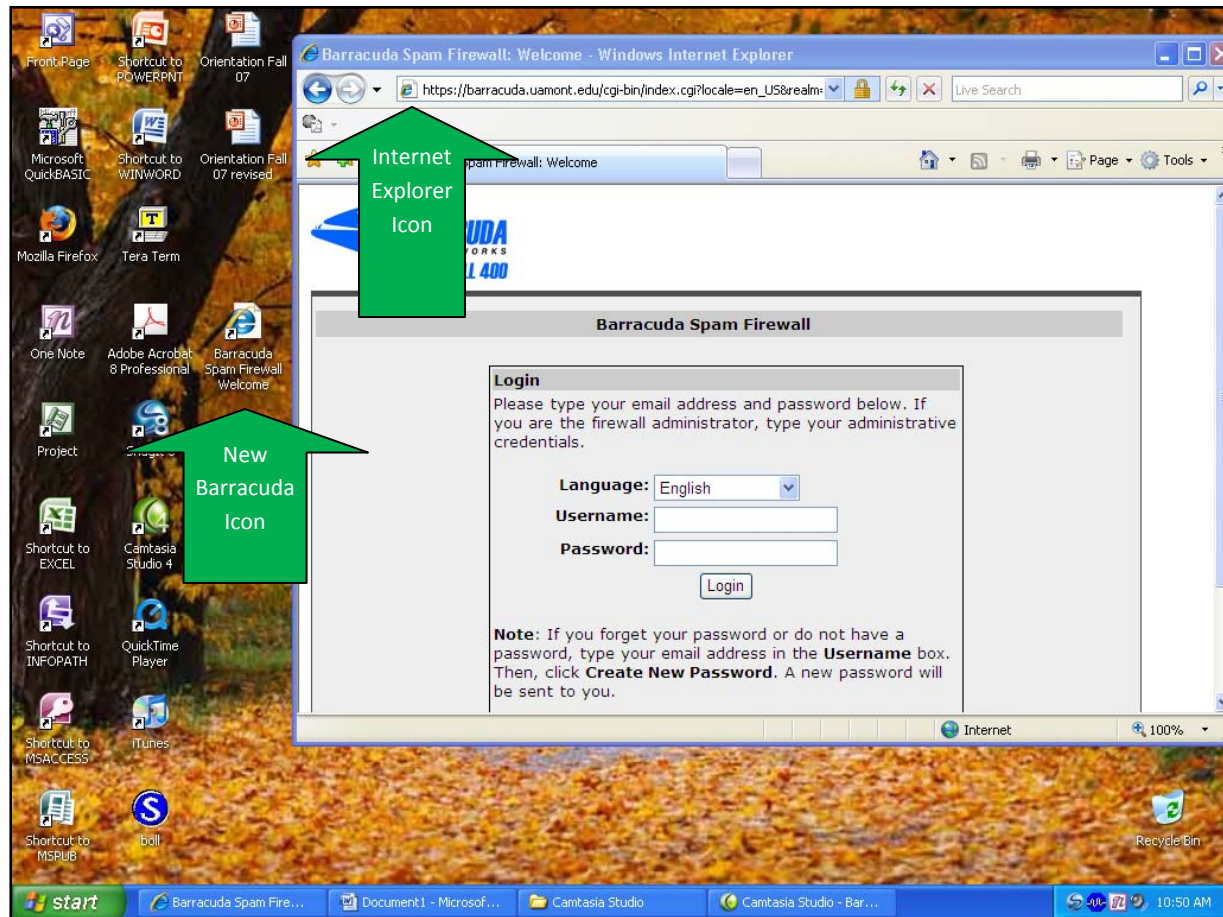

To access this list in the future, simply click on the **Favorites** button and your list will appear. Click on the link in which you wish to access and it will open automatically.

Creating an **Icon on your Desktop** of Barracuda: First, open the Barracuda page.

Next, click on the **Internet Explorer Icon**, beside your address bar, and drag it to your desktop.

To access this Icon, simply go to your desktop and double click on it. The icon will take you to the Barracuda Log-In page.
