

# NEW UAM ID CARDS!

## Change to Student ID Number

During the summer the administrative system (Poise) will be modified to assign a student ID number instead of using the student's social security number for student ID.

## Why are we changing the student ID number?

*Act 108 of 2003 House Bill 1034 states:*

Section 1: No public or private institution of higher education shall: (1) print a student or employee's social security number, or any part of the number, on the student's or employee's identification card. 2) Make a student's or employee's social security number available by reading the magnetic strip or other encoded information on the student's or employee's identification card.

*Act 246 of the regular session House Bill 1106 (Code6-18-208) states:*

...no school shall (A) use, display, release, or print a student's social security number or any part of the number on any report, identification card, identification badge, or any document that will be made available or released to the public...

(B) Make a student's social security number available by reading the magnetic strip or other encoded information on the student's identification card.

## New UAM Identification Cards!

All students, faculty and staff will need to get a new UAM Identification Card when this change takes place. The library, bookstore, cafeteria, gym and other locations that scan your UAM Identification Card will not be able to read old cards because the ID number will be different. Once the social security number has been changed to the new ID number, a new UAM Identification Card will be automatically printed for each student, faculty and staff at no charge. Each card will be printed using the current ID picture on file.
