

## **Arkansas State Communication Association**

### **In-Service Workshops**

#### **Creative Lesson Plans for the Oral Communication, Theater, and Debate Teacher**

The Arkansas State Communication Association has collected classroom tested lesson plans over the last twenty years. They have also created a collection of these lesson plans for the Speech and Drama Classrooms. Members of the organization will present lesson plans from various areas of Speech and Drama. We will also provide the correlation to the Arkansas Oral Communication and Theater Curriculum Standards. Rubrics for grading speeches and performances will be provided, along with information about Speech Competitions throughout the State, the purpose of a Debate program in your school, and Student Congress.
