

# UAM COVID-19 Weekly Report

Week: May 2 - 8, 2022

COVID-19 tests and cases are those which have been identified using the on-campus Mainline Health Systems UAM testing site on campus, data reported to UAM from the Arkansas Department of Health, or those cases self-reported by faculty, staff and students using an internal reporting form. This data will be updated weekly, with data collected the previous Monday through Sunday.

## New Positive Cases this Week: 3

Faculty/Staff:	0
Student:	3

## Total Positive Cases for the Spring Semester: 271
